

# 2015 MUSIC ON THE LAWN

**6:30pm Wednesday Evenings On the Lawn**  
**San Juan Historical Museum • 405 Price Street**

Bring blankets or lawn chairs, a picnic if you're hungry, and enjoy an evening of great music.

**July 8: J Bots** ☆ This popular local classic rock band knows how to get the audience dancing. Steve Cutting and crew are old hands at moving you from your seat to the dance floor - in this case the lawn.

**July 15: Hot Club Sandwich** ☆ Founded more than ten years ago, Hot Club Sandwich began with a deep reverence for Gypsy jazz of the '30's and '40's. This Seattle-based hot-jazz string band places vintage jazz alongside classic Latin American songs, old-world European or even a bit of country twang, all layered with vocal harmonies and shout choruses. Over the past decade, this five-piece band and their distinctive sound has reached millions through performance and radio with recordings charting in the top 20 of the nationwide CMJ jazz charts, and it garners millions of online plays.

**July 22: Matt Sircely Band** ☆ This eclectic folk and fiddle band is as good as it gets. Sircely's songs cover wide territory, from Appalachian roots all the way to more modern folk forms, before rounding out with a little swing, country or world music. Sircely's band features work on dobro, guitar, mandolin and harmony vocals from Chris Herbst.

**July 29: Camille Bloom Band** ☆ International act Camille Bloom has played in premier venues throughout 9 different countries and is a Gibson Guitars endorsed musician. Camille combines percussive guitar with a voice that can 'purr and wail'. Music Connection Magazine distinguished Camille in the Top 100 Independent artists of 2012 - and her latest album made the Top 10 Indie Releases by the Los Angeles Examiner. Known for her incredibly dynamic voice and vivid songwriting, Camille continues to wow audiences with her high energy.

**August 5: Coco Loco** ☆ A fun, high-energy Latin band that transcends traditional boundaries to appeal to a wide audience. The band plays arrangements of popular classics from Cuba, Colombia, Brazil, Mexico and Venezuela. Don't be surprised to hear a bit of the Beatles and American pop slip into these arrangements as well as original tunes composed by band members.
