# Our Success is Your Success . . .

*Building character, fostering  
service, strengthening community.*

**L**eadership  
**E**xperience  
**O**pportunity

Since the formation of the LEO Club, these San Juan Island youth have been recognized in the community as helpful and respectful volunteers for their hard work providing service to our community.

**Their first major project** was to build a replacement dock on Egg Lake (the first was built many years ago by San Juan Lions volunteers). They do all this with positive attitudes, while learning what it is to be part of a community.

**With your help**, LEOs will continue to have a positive presence in our community. Please take a moment to review sponsorship opportunities and send your pledge in to PO Box 54. If you have questions about the event or sponsorship, please contact an advisor.

**Join us for our 11th Annual Golf Scramble! By doing so, you will show your appreciation to these kids for the hard work they do throughout the community and be assisting them with their annual fund-raiser!**
